

R&D Tax Incentive Manufacturing Development

The Research and Development Tax Incentive (RDTI) encourages Australian businesses to invest in innovation and new technologies through providing a tax break for eligible activities.

[Get in touch](#) 

Manufacturing Development. RDTI Explained.

Eligibility

You may be eligible for the RDTI if your company:

-  Is incorporated under Australian or foreign law
-  Has eligible RDTI expenditures greater than \$20,000; and
-  Conducted eligible RDTI activities in Australia.

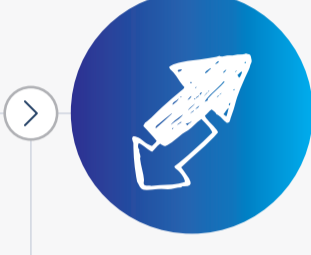

Activities

Have you undertaken activities that:

-  Generate new knowledge that could not have been known or determined on the basis of current knowledge, information, or experience; and
-  Resolve a technical uncertainty through a process of experimentation based on principles of established science?

HYPOTHESIS

EXPERIMENT

OBSERVATION & EVALUATION

LOGICAL CONCLUSIONS

We have used Azure's services for the last 2 years for their expertise on R&D tax claims. Very knowledgeable and professional. – Simon D.

Examples of Eligible & Ineligible activities

Eligible core activities

Example eligible core activities:

- Designing a new product
- Significantly and measurably improving an existing product
- Developing new manufacturing processes, equipment and tooling
- Automating a previously manual manufacturing process

Ineligible core activities

Ineligible core activities have the potential to be eligible supporting activities if they directly support an eligible core RDTI activity.

- Reverse engineering
- Installing an industry standard manufacturing capability
- Complying with statutory requirements or standards
- Developing a more cost-effective product

PASSION | INNOVATION | TRANSFORMATION | DISRUPTION

ABOUT AZURE GROUP

Azure Group is a proactive, hands-on, multidisciplinary professional services firm delivering smart and innovative services to match the demanding needs of today's business.

WHY CHOOSE US?

As champions of the technology and emerging growth sector, we are proud of our success in obtaining RDTI for our clients.

Beyond RDTI we uphold a reputation for being experts in the tech sector working with innovative clients across a range of disciplines.

OUR TECH TEAM

Knowledgeable

Experience across many facets of technology, our ability to apply our knowledge to your business means you will receive fresh, cutting edge and value driven advice and services from a technically experienced team passionate about your industry.

Professional

We apply a business mandate to work with businesses that are highly vigilant, well prepared and have documented their projects. We do this to uphold our reputation with AusIndustry and the ATO.
